

2nd IASGO Belgrade HPB Congress – ONLINE

26th – 28th March 2021

Preliminary

CONGRESS PROGRAM

FACULTIES

M. ABDEL WAHAB
M. ADHAM
J. S. AZAGRA
F. BOTEA
R. CHANWAT
V. DIMOV
D. DUDA
E. DULUNDU
M. ĐOKIĆ
Y. FONG
D. GALUN
A. GUGLIELMI

H. S. HAN
S. HIRANO
G. HONDA
A. KARAMARKOVIĆ
P. LODGE
C. LUPASCU
M. A. MACHADO
M. V. MARINO
L. R. MARTINEZ
M. MILIČEVIĆ
Z. MILOŠEVIĆ
M. MIYAZAKI

I. POPESCU
S. POTRČ
M. PROTIĆ
C. PUJA
D. RADENKOVIĆ
N. RAHBARI
M. RAKIĆ
Z. RIFATBEGOVIĆ
D. SCHWARZ
S. Y. SONG
A. SUGIOKA
K. TAKAORI

Y. TOKAT
O. TORES
G. TORZILLI
R. TROISI
B. TROTOVŠEK
E. USOVA
E. VICENTE
N. VLADOV
G. WAKABAYASHI
M. YAMAMOTO
K. YOSHINO
M. ZOVAK

Dear colleagues, dear friends

We hope that you, your family and colleagues are healthy and safe.

On behalf of the **International Association of Surgeons, Gastroenterologists and Oncologists – IASGO**, we are glad to invite you on the **2nd IASGO Belgrade HPB Congress**, organized by the **IASGO South East Europe – Balkan Chapter**, to be held **ONLINE, from 26th until 28th March 2021**.

As a result of the recent developments and measures taken by relevant professional and governmental bodies related to the situation with COVID-19 Pandemics, throughout SEE Region, Europe, and globally, and after a careful assessment of circumstances and risks involved, the decision has been made to **hold an ONLINE Congress, for regional and international audiences worldwide**.

With the new world of **ONLINE possibilities**, we strive to organize a **first-class Congress** with high-quality lectures, panels, and other formats to preserve the scientific essence of the ONLINE Conference, discuss the most challenging topics of the day, and enable scientific exchange and the interaction with the participants. In addition, this approach aims to **provide a safe opportunity for both lecturers and all participants to exchange knowledge with large audiences**. Congress promise is to **put together high quality and attractive Conference event**, covering major topics and controversies and offering responses and recommendations for the main challenges in the field.

The **main topics** of the 2nd IASGO Belgrade HPB Congress – ONLINE **will remain within the frame of general IASGO strategic orientation and professional interest as well as to build up a strong regional Chapter and collaboration**. Below is the exhaustive list of topics for the 2nd IASGO Belgrade HPB Congress.

MAIN CONGRESS THEME – Tips and Tricks in the Multidisciplinary Management of HPB Cancers

- Modalities of Artery First Approaches to Pancreatic Resections
- How to perform Liver Resection?
- How I do it? Video presentations
- Laparoscopic Liver surgery
- Laennec's capsule concept in Anatomical Liver Resections
- Caudate Lobectomy
- Anterior Approach in HCC
- DP-CAR
- ERAS in pancreatic surgery
- Robotic PD
- Duodenum preserving Pancreatic Head Resection
- Up to date Medical HPB Oncology
- Controversies in Upfront surgery for Pancreatic cancer

More than **45 top international experts**, from Japan, South Korea, USA, Brazil, UK, Germany, France, Italy, Turkey, Russia, Thailand, Egypt, Emirates, Slovenia, Croatia, Romania, Bulgaria, B&H, Serbia, and others, are going to serve as invited lecturers and panelists.

Preliminary Congress program you can find on the following pages.

Taking into consideration the challenge of preparing and organizing Congress of this size in Online format, we are fully committed to the success of this endeavor of wider regional significance, as one of the few comprehensive ONLINE conferences in 2021.

Details on **registration, abstract submission, and deadlines** are available on the Congress Website www.isago-seec.com.

Our Congress Management partner and the PCO, **ARIA.ONE Conference & Consulting** is at your disposal for all further inquiries.

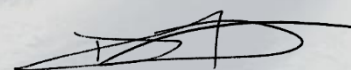

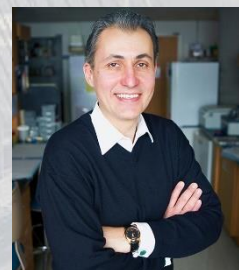

Sincerely,

Prof. Dr Kyoichi TAKAORI
IASGO Secretary General

Prof. Dr Aleksandar KARAMARKOVIĆ
Congress President

Prof. Dr Dan G. DUDA
IASGO Secretary General

FRIDAY 26TH MARCH 2021

Program schedule is based on the CET time zone

11.00 – 11.30	OPENING CEREMONY	
11.30 – 14.10	SESSION 1 - LIVER LAPAROSCOPIC LIVER SURGERY	
11.30 – 11.50	Ho-Seong HAN (Korea)	Laparoscopic anatomic liver resection
11.50 – 12.10	Go WAKABAYASHI (Japan)	Laparoscopic Parenchymal Sparing Anatomical Liver Resection: how to find the inter-segmental/sectional planes
12.10 – 12.30	Goro HONDA (Japan)	How to use CUSA during liver resection
12.30 – 12.50	Rawisak CHANWAT (Thailand)	The Glissonean approach in laparoscopic liver resection
12.50 – 13.10	Nikola VLADOV (Bulgaria)	Laparoscopic major liver resections
13.10 – 13.30	Luis Ruso MARTINEZ (Uruguay)	Laparoscopic approach in liver hydatidosis
13.30 – 14.10	DISCUSSION	
14.10 – 14.30	PAUSE	

14.30 – 17.30	SESSION 2 - LIVER LIVER PRIMARY AND CRLM	
14.30 – 14.50	Peter LODGE (UK)	New trends in surgery for colorectal liver metastases
14.50 – 15.10	Orlando TORES (Brazil)	Management of incidental gallbladder carcinoma
15.10 – 15.30	Alfredo GUGLIELMI (Italy)	New aspects of surgical treatment of Intrahepatic Cholangiocarcinoma
15.30 – 15.50	Zoran MILOŠEVIĆ (Serbia)	TBA
15.50 – 16.10	Mladen PROTIĆ (Serbia)	Clinical significance of intraoperative assessment of resection margin for colo-rectal liver metastases
16.10 – 16.30	Mihajlo ĐOKIĆ (Slovenia)	Hepatoblastoma/when and how
16.30 – 16.50	Danijel GALUN (Serbia)	Short- and Long-Term Outcomes after Hepatectomy in Elderly Patients with Hepatocellular Carcinoma: An Analysis of 229 cases from a Developing Country
16.50 – 17.30	DISCUSSION	

SATURDAY 27th MARCH 2021

Program schedule is based on the CET time zone

SESSION 3 - PANCREAS CONTROVERSIES IN PANCREATIC SURGERY		
08.00 – 10.40		
08.00 – 08.20	Kyoichi TAKAORI (Japan)	Controversies in Upfront Surgery for Pancreatic Cancer
08.20 – 08.40	Masaru MIYAZAKI (Japan)	Clinical implication of combined arterial resection for locally advanced pancreatic cancer
08.40 – 09.00	Mustapha ADHAM (France)	Curative surgery for pancreatic duct adenocarcinoma
09.00 – 09.20	Cosmin PUJA (Romania)	R1 incidence in Pancreatoduodenectomy is influenced by standardized histopathological protocols
09.20 – 09.40	Dejan RADENKOVIĆ (Serbia)	Role of neoadjuvant therapy in operable pancreatic cancer: Pro and cons
09.40 – 10.00	Mislav RAKIĆ (Croatia)	Urgent pancreatic surgery in COVID positive patients, our experience with literature review
10.00 – 10.40		DISCUSSION

SESSION 4 - LIVER GLISSONEAN APPROACH AND LAENNEC CAPSULE CONCEPT IN LIVER SURGERY		
10.40 – 13.00		
10.40 – 11.00	Masakazu YAMAMOTO (Japan)	The Takasaki Glissonean approach in Liver surgery
11.00 – 11.20	Marcel Autran MACHADO (Brazil)	Glissonian approach in liver surgery. From open to robotic surgery
11.20 – 11.40	Luis Ruso MARTINEZ (Uruguay)	Laennec's Capsule in liver surgery
11.40 – 12.00	Aleksandar KARAMARKOVIĆ (Serbia)	The Importance of Glissonean approach and Laennec capsule Concept in Anatomical Liver Resections: What we Need to Know
12.00 – 12.20	Atsushi SUGIOKA (Japan)	Standardization of Anatomic Liver Resection Based on Laennec's Capsule
12.20 – 13.00		DISCUSSION

13.00 – 15.40		SESSION 5 - PANCREAS UP TO DATE ONCOLOGICAL AND SURGICAL TREATMENT OF HPB CANCER
13.00 – 13.20	Dan DUDA (USA)	Evolving paradigms in liver cancer treatment
13.20 – 13.40	Si Young SONG (Korea)	TBA
13.40 – 14.00	Nuh RAHBARI (Germany)	Laparoscopic ALPPS: Evolution of a safe procedure for extended hepatectomy
14.00 – 14.20	Stojan POTRČ (Slovenia)	Pancreatic Resections in Treatment of Pancreatic Malignancies
14.20 – 14.40	Mario ZOVAK (Croatia)	Tailored Approach in Pancreatic cancer Surgery
14.20 – 14.40	Zijah RIFATBEGOVIĆ (Bosnia and Herzegovina)	ERAS in pancreatic surgery
15.00 – 15.40	DISCUSSION	
15.40 – 16.00	PAUSE	

16.00 – 18.40		SESSION 6 - LIVER COMPLEX LIVER SURGERY
16.00 – 16.20	Emilio VICENTE (Spain)	Management of patients with primary and secondary liver tumors with invasion of hepatic venous outflow and right atrium
16.20 – 16.40	Guido TORZILLI (Italy)	Tips and tricks for complex hepatectomies
16.40 – 17.00	Roberto TROISI (Italy)	Update on minimally invasive donor hepatectomy: laparoscopic and robotic left lateral sectionectomy
17.00 – 17.20	Mohamed ABDEL WAHAB (Egypt)	Caudate lobectomy in hepatobiliary surgery
17.20 – 17.40	Ender DULUNDU (Turkey)	Caudate Lobe Resection
17.40 – 18.00	Florin BOTEJA (Romania)	Complex ultrasound-guided liver resections for liver metastases
18.00 – 18.40	DISCUSSION	

SUNDAY 28th MARCH 2021 CET

Program schedule is based on the CET time zone

SESSION 7 - PANCREAS TECHNICAL ASPECTS OF PANCREATIC RESECTIONS		
10.00 - 12.40		
10.00 - 10.20	Irinel POPESCU (Romania)	The posterior approach- the best way to perform artery first duodenopancreatectomy
10.20 - 10.40	Kenji YOSHINO (Japan)	Knack and Pitfalls in Artery First Approaches to Distal Pancreatectomy
10.40 - 11.00	Cristian LUPASCU (Romania)	Artery-first approaches to Pancreatoduodenectomy: Shifting the paradigm?
11.00 - 11.20	Satoshi HIRANO (Japan)	Duodenum preserving Pancreatic Head Resection
11.20 - 11.40	Elena USOVA (Russia)	Duodenum-preserving pancreatic head resection for benign and low-grade malignant tumors of the pancreas
11.40 - 12.00	Nikola VLADOV (Bulgaria)	Pancreatoduodenectomy with portal vein resection and peritoneal-patch reconstruction
12.00 - 12.40		DISCUSSION
12.40 - 13.00		PAUSE

SESSION 8 - PANCREAS EXTENSIVE PANCREATIC SURGERY		
13.00 - 14.20		
13.00 - 13.20	Masaru MIYAZAKI (Japan)	Surgical tips of distal pancreatectomy with combined celiac arterial resection (DP-CAR)
13.20 - 13.40	Satoshi HIRANO (Japan)	Distal pancreatectomy with en bloc celiac axis resection (DP-CAR): the procedure and the outcome
13.40 - 14.00	Emilio VICENTE (Spain)	Radical Pancreatectomy with SMV Resection and Reconstruction in Patients with Tumor Located in Uncinate Process Invading Mesenteric Root
14.00 - 14.20	Blaž TROTOVŠEK (Slovenia)	Modified Appleby procedure for locally advanced pancreatic cancer
14.20 - 14.40	Dragan SCHWARZ (Croatia)	Radical Pancreatectomy with SMV Resection and Reconstruction in Patients with Tumor Located in Uncinate Process Invading Mesenteric Root
14.40 - 15.20		DISCUSSION
15.20 - 15.40		PAUSE

SESSION 9 - PANCREAS ROBOTIC AND LAPAROSCOPIC PANCREATIC SURGERY		
15.40 – 17.40		
15.40 – 16.00	Yuman FONG (USA)	Robotics and Cancer Surgery: The Next Step in the Evolution of MIS Surgery
15.40 – 16.00	Juan Santiago AZAGRA (Luxembourg)	« Standardized » Real Robotic Whipple using a Robotic Platform Da Vinci Xi
16.20 – 16.40	Marco Vito MARINO (Italy)	Robotic pancreatic anastomosis
16.40 – 17.00	Vlado DIMOV (North Macedonia)	Laparoscopic treatment of pancreatic tumors
17.00 – 17.40		DISCUSSION

17.40 – 18.00	CLOSING CEREMONY
